

NOTES:

Stakes shall be made of material with sufficient strength to support and anchor the TerraCell panels. A standard J-Hook stake is made from construction rebar, 10 mm or 12 mm (0.375 in or 0.500 in) in diameter and 460 mm (18 in) in length, or to the requirements of the site.

WEBTEC, Inc. provides this information only as an accommodation to our customers. No warranty or other representation regarding the suitability of the above application procedure is made due to the fact that each installation has specific requirements that may not have been considered in this generalized procedure. WEBTEC makes no warranties or representations regarding the suitability of its TerraCell products for specific uses or applications. Our liability is limited to furnishing, without charge, a replacement for any TerraCell panel that is proven defective under normal use or service.
